POLICY

Yarra Junction Primary School uses the Internet as a learning tool to improve student learning outcomes by increasing access to worldwide information. The school embraces the benefits of technology and is committed to reducing students' exposure to cyber-risks (such as cyberbullying, online sexual predation, sexting, identity theft and fraud) when using the Internet, mobile phones and other electronic personal devices. This policy should be read in conjunction with the 'Yarra Junction Primary School Acceptable ICT Use Agreements'.

PURPOSE

The aim of the policy is to:

- Establish an eSmart culture which is in keeping with the values of the school and the expectations outlined in the 'Yarra Junction Primary School ICT (Internet) Use Policy, Yarra Junction Primary School Child Safe Policy and the Yarra Junction Primary School Student Engagement and Wellbeing Policy, which includes actions and consequences for inappropriate behaviour.
- Educate Yarra Junction Primary School students to be smart, safe, responsible and ethical users of digital technologies.
- Recognise that explicitly teaching students about safe and responsible online behaviour is essential in the lives of students and is best taught in partnership between home and school.
- Achieve accreditation as an eSmart school by meeting all criteria as outlined in the eSmart System Tools.

IMPLEMENTATION

1. Yarra Junction Primary School staff have access to the eSmart program and are provided with the information necessary for Cybersafety education.
2. All Yarra Junction Primary School students will undertake a Cybersafe program relevant to their year level and will be required with their parents to sign a Yarra Junction Primary School Acceptable ICT Use Agreement before they will be permitted to use any information and communications technology (ICT) at school.
3. The school community will be provided with Cybersafety information on a regular basis.
4. Safe and responsible online behaviour is explicitly taught at our school and parents/carers are requested to reinforce this behaviour at home.
5. Yarra Junction Primary School staff will raise student awareness of issues such as online privacy and intellectual property including copyright, and that some online activities are illegal and will be reported to police.

6. Yarra Junction Primary School will supervise students when using digital technologies for educational purposes and provide a filtered internet service whilst acknowledging that full protection from inappropriate content can never be guaranteed.

7. Mobile phones and other personal electronic devices may only be brought to school with prior permission of the Principal. Parents and students must comply with the conditions of use as outlined in the Yarra Junction Primary School 'Acceptable ICT Use Agreements, which prohibits students from accessing mobile phones and other personal electronic devices within the school grounds. Devices must be handed in at the office at the commencement of the school day and stored as per Department of Education Guidelines.

8. Yarra Junction Primary School will respond to issues or incidents that have the potential to impact on the wellbeing of our students.

9. All incidents of Cyberbullying must be referred to the Principal for investigation and any action taken will be in line with the Student & Wellbeing Engagement Policy.

10. Parents will be notified and expected to meet with school staff if students are involved in any incidents of cyberbullying both on and off-site.

11. Students are advised to report an incident to their teacher immediately if:

- They have experienced an incident of Cyberbullying.
- They feel the welfare of other students at the school is being threatened.
- They come across sites which are not suitable for our school.
- Someone writes something they don't like, makes them or their friends feel uncomfortable or asks them to provide private information.
- They accidentally do something which is against the rules and responsibilities they have agreed to.

12. Any student who does not follow the rules of the eSmart Agreement and the 'Yarra Junction Primary School Acceptable ICT Use Agreements' will lose their ICT privileges for a length of time as deemed appropriate by the Principal. They will also be required to complete additional Cyber Safety lessons before their privileges are returned. Students who have disrespected online safety rules on or off-site will receive a consequence at school for their inappropriate actions (at the Principals discretion).

13. The Acceptable ICT Use Agreement also applies during school excursions, camps and extra – curricular activities.

EVALUATION

This procedure will also be reviewed as part of the school's regular policy and procedure review process to ensure ongoing relevance and continuous improvement. The review will include input from students, parents/ carers and the school community.
